

Food Science and Industry - Food Business and Operations Management Option

- 63 hours, as outlined below, can be transferred from Barton Community College and applied to the bachelor's degree.
- All K-State courses can be obtained through distance learning.
- K-State Food Science courses are preliminary choices; advising should be completed by a Food Science Distance Advisor.
- Students may apply to K-State's Bachelor's Degree Completion Program once they earn 60 hours at Barton with a 2.0 GPA.
- The Barton Transfer Equivalency Page is located at: www.k-state.edu/admit/dars/states/kansas.html

Food Science and Industry - Food Business and Operations Management Option

Your Degree Option

Food Science is a field that brings the science of food to life. Students learn the fundamental properties of food raw materials and their importance in designing and processing safe, wholesome, and attractive food products. This degree completion program is designed primarily for students who have completed the equivalent of the first two years of the Food Science and Industry program outlined by the College of Agriculture. The curriculum balances fundamental principles and practical applications of food science within a flexible program that permits students to tailor their education to personal career goals.

Your Career

Kansas State University's Food Science graduates are needed to manage and supervise sophisticated food manufacturing industries that produce fresh and processed meat and poultry, dairy products, bakery goods, frozen and canned fruits and vegetables, confections, and snack foods. Positions also may be in areas such as food safety and microbiology, quality assurance, processing and operations management, technical service, research and development, sales, and public relations.

Get started!

The degree map on the reverse page will show you a listing of classes you need to take from Barton Community College and K-State to complete the Food Science 2+2. This degree map has been reviewed and accepted by both schools as an illustration, which is subject to change. Many other combinations of courses may be possible, so students should contact a K-State representative or their community college advisor before committing to a particular transfer program.

To get started, contact the K-State 2+2 representative by calling 620-786-1188 or e-mail bartondce@k-state.edu.

To learn more about the Food Science and Industry degree:

- Phone: 785-532-5575 or 1-800-622-2KSU
- E-mail: informationdce@k-state.edu
- Website: <http://www.dce.k-state.edu/courses/degrees/bachelors.shtml>

Note: Kansas Board of Regents requirements have been incorporated into this degree plan, including the following rules governing bachelor's degrees:

- a. A bachelor's degree must include at least 124 credit hours;
- b. It must have at least 60 credit hours earned from an institution where the majority of degrees granted are at the bachelor's degree level or higher;
- c. It must include at least 45 credit hours at the junior level (numbered 300) or higher;
- d. It must include at least 45 credit hours of general education in defined areas.

Kansas State University College of Agriculture requires a minimum of 126 credit hours to complete this degree and will accept up to one half of the required credit hours (or 63 credit hours) from a community college.

Notice of Nondiscrimination

Kansas State University is committed to nondiscrimination on the basis of race, color, ethnic or national origin, sex, sexual orientation, gender identity, religion, age, ancestry, disability, military status, veteran status, or other nonmerit reasons, in admissions, educational programs, or activities and employment, including employment of disabled veterans and veterans of the Vietnam Era, as required by applicable laws and regulations. Responsibility for coordination of compliance efforts and receipt of inquiries concerning Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and the Americans With Disabilities Act of 1990 has been delegated to the director of Affirmative Action, Kansas State University, 214 Anderson Hall, Manhattan, KS 66506-0124, 785-532-6220 or TTY: 785-532-4807. August 2009

Disability Support Services

A student with a disability who wishes to request accommodations for a credit course should notify the course instructor or contact the Disability Support Services Office, <http://www.k-state.edu/dss/>, 785-532-6441, or e-mail dss@k-state.edu. Early notification is requested to ensure that accommodations can be provided in a timely manner.
