This degree map is shown as an illustration and example that has been reviewed and accepted by the university and the community college. Many other combinations of courses may be possible, so students should contact a K-State or community college advisor before committing to a particular transfer program.

Note: Kansas Board of Regents requirements have been incorporated into this degree plan, including the following rules governing bachelor's degrees:

- A bachelor's degree must include at least 124 credit hours;
- It must have at least 60 credit hours earned from an institution where the majority of degrees granted are at the bachelor's degree level or higher;
- It must include at least 45 credit hours at the junior level (numbered 300) or higher;
- It must include at least 45 credit hours of general education in defined areas.

Kansas State University will accept up to one-half of the credit hours from the community college toward the bachelor's degree.

## Veterinary Technology and Technology Management Distance Education Program

### Colby Community College-Kansas State University at Salina 2+2 Partnership

Kansas State University at Salina and Colby Community College offer a 2+2 program that allows students to earn an Associate of Applied Science degree in Veterinary Technology at Colby and to transfer the majority of those credits to K-State towards the completion of a Bachelor of Science degree in Technology Management offered through distance education. This degree map is an illustration, which is subject to change.

### Technology Management Degree Option through Distance Education

K-State offers a Bachelor of Science degree in Technology Management through distance education. This degree completion program is designed primarily for students who have completed the Veterinary Technology Program at Colby Community College. The Technology Management degree provides a solid understanding of the fundamental areas in management: finance, accounting, business, and marketing. The curriculum is designed to prepare the student for the diverse environment of the business world as it relates to the veterinary profession. Applications for admission to this program are accepted through K-State at Salina.

### A Career in Technology Management

K-State at Salina's technology management graduates find jobs with large corporations and small businesses, government agencies, academia, research laboratories, and nonprofit organizations. You'll find them involved with supervisory and management positions in private and corporate veterinary practices, industry, research laboratories, universities, and governmental agencies. They can also be found using their management and business skills to advance as veterinary technicians. Our graduates also hire and supervise employees, train new managers, plan budgets, and manage inventory.

### How to Get Started

Contact the K-State at Colby representative at 620-786-1188 or e-mail [colbydce@k-state.edu](mailto:colbydce@k-state.edu). In addition, you can contact the K-State at Salina Technology Management Program.

### K-State at Salina Technology Management Program
