Business Administration and General Business

Your Degree Option

K-State offers a Bachelor of Science degree in General Business through distance education. This degree completion program is designed primarily for students who have completed the equivalent of the first two years of the business administration pre-professions (BAPP) program outlined by the College of Business Administration. The General Business degree provides a solid understanding of the fundamental areas in business: finance, accounting, management, and marketing. The curriculum is designed to prepare the student for the diverse environment of the business world. Applications for admission to this program are accepted through the Bachelor's Degree Completion Program in the Division of Continuing Education.

Your Career

Kansas State University's business graduates find jobs with large corporations and small businesses, government agencies, and nonprofit organizations. You'll find them involved with banking activities, trading on the commodity and stock exchanges, working in advertising agencies, practicing accounting in public and private firms, and working in major manufacturing businesses. They can also be found helping small businesses grow, working in family businesses, and even starting their own businesses. Our graduates also hire and supervise employees, train new managers, plan budgets, create new products, and set up company-wide information systems.

Get started!

The degree map on the reverse page will show you a listing of classes you need to take from Seward County Community College and K-State to complete the Business Administration and General Business 2+2. This degree map has been reviewed and accepted by both schools as an illustration, which is subject to change. Many other combinations of courses may be possible, so students should contact a K-State representative or their community college advisor before committing to a particular transfer program.

Note: Kansas Board of Regents requirements have been incorporated into this degree plan, including the following rules governing bachelor's degrees:

- a. A bachelor's degree must include at least 126 credit hours;
- b. It must have at least 60 credit hours earned from an institution where the majority of degrees granted are at the bachelor's degree level or higher;
- c. It must include at least 45 credit hours at the junior level (numbered 300) or higher;
- d. It must include at least 45 credit hours of general education in defined areas.

Kansas State University will accept up to one-half of the required credit hours from the community college toward the bachelor's degree.

Students may apply to K-State's Bachelor's Degree Completion program in General Business with 45 transferable semester credit hours completed and a minimum overall 2.3 GPA.
